

Comprehensive Health Assessment at Home

Eximius are excited to partner with A&R priority healthcare, a group of respected GP's who can assist our clients with their medical needs. As an introduction to their partnership, we are jointly offering all our clients a full health assesment at home. This includes:

- Comprehensive medication review
- Height & weight measurements
- Blood test checking for anaemia
- Analysis of nutritional status
- Cardiovascular risk score
- Chest, neuro & abdominal exam
- Falls risk assessment
- Urine analysis
- Cholesterol test
- Blood pressure & ECG
- Memory testing
- Blood glucose (diabetes)

The cost for this comprehensive service is **£499**, but if you have been an Eximius client for 12 weeks or more, we will pay half the cost.
